#### **New Fire Department Construction**

Committee Chairperson Nash presented to city council the recommendation of the committee. The committee looked at 2 possible sites: lot on National Street and the Harry Brown property on 3<sup>rd</sup> Street. With the research considered, the Brown property would be best for the fire station construction and future infrastructure projects of a police station, a new administration building and a new street department building. Mr. Brown's asking price is \$750,000. He agreed to assume the city owned property located on South 7 minus the 30 feet, giving the city the original price of \$190,000. He would then deduct that amount off of his asking price of \$750,000. Mr. Brown also would remove the old Ford garage building at no cost to the city.

Discussion was held on the committee report. Councilman Fraley felt the property was the best location but it was overpriced. He was pleased with the aspect of future infrastructure projects could be built on this site as well. He suggested beginning a building fund for future projects and putting the money back now. Councilman Stamper wished to have the property appraised; making sure the city is making a wise choice. Gary Conn, the city's new legal counsel, advised Council to be sure of the validation of the purchase due to the use of tax payers' monies.
